project description

Assisting churches through Stewardship (ACTS) will include supporting a local pastor and new church plant through:

- Meeting with the pastor to learn about his vision and heart for the church
- Training church members (both men and women)
- Teaching Bible lessons to adults and children to help them better apply Biblical principles of daily life in Christ
- Visiting the community to better understand the needs and opportunities
- Participating in church meetings (crusades) to share the gospel
- Prayer walking through communities
- Sharing personal testimony - Worshiping with the people of the local church
- Encouraging the church by building relationships and friendships that can be maintained after returning home

Men are especially needed for this project! Women are also needed to teach, visit homes in the community, share testimonies, and encourage the ladies and children in the church. We will be supporting Pastor Patrick of AGAPE Church in Rugende, Rwanda.

They have recently built their church building, so we will be attending church on Sunday, visiting with women, and teaching children's lessons. We will also be focused on the new preschool. We will visit and play with the children there, as well as visit the site where the new school construction will begin soon.

project cost - \$3,200

- Includes airfare, room and board, transportation, translators, and travel insurance
- Does not include cost of passport, visa, inoculations, or luggage costs
