GO Scholarships are available if needed to help with final payment. Application must be made. Ask team leader about how to apply,		

Project Description

Our church has entered into a partnership with International Mission Board missionaries located in and around Ahmadnagar, India, in the state of Maharashtra. The relationship with these missionaries began in January 2018. Through that experience it is our desire to reach the Ahmadnagar District with the gospel and to help establish one disciple making church in each county of that district. This team in January will continue this work centered around reaching people who will open their homes and let us share with them the Gospel and how to reach other people. Each team member will be adequately trained in the process of presenting God's Story and their personal story.
